PROTOCOL FOR PRESENTATIONS

Please post this notice on your results board so that all riders are aware of the correct protocol for presentations.

Pony Club presentations will be unmounted. The winning horse from each class will need to be brought to the presentation area if sponsors rugs are to be presented. If horses are led to the presentation, it is essential that the organisers specify where horses are to stand, and keep them separate from spectators. Organizers' may elect to have no horses present if conditions are not favorable or safe.

THE RIDER

The rider must be appropriately dressed for the presentation. Full pony club uniform/jacket is required. Boots **must** be worn and spurs removed.

THE HORSE

If there is a rug to be presented to the winner, the winning horse must be led in a bridle. At the time the horse comes forward to receive its rug, there should be no other rugs on the horse. The horse should be tidy and free of sweat.
