riders who do not wish to be graded and only want to compete in mounted games, or want a card for attendance recording.

The Club Secretary then sends the form to the registrar who allocates a number, issues a card and records the information on computer. Green cards are for those riders up to the age of 26 years and may be graded for eventing and showjumping. The other two **may** be **supplementary qualifications**. Supplementary qualifications **must** be marked on the attendance card in red. The combination must obtain at least one home qualification so the combination can be graded and a card applied for, before any supplementary qualifications are sought.

They may, with the written approval of their home club, compete at Zone inter-club events at which their home club would not normally be present. *This will apply to interstate members temporarily resident in South Australia.*

A rider may obtain qualifications on two horses at a rally, provided at least one hour's instruction is obtained on each horse.

No more than two qualifications per combination will be obtained in any five day period and no more than one qualification per combination can be obtained per day.

Rallies must be conducted by persons authorised by the Committee of the club concerned at a venue approved by the committee and must be open to all members of the club. *(If the venue is not the club's home ground, the landowner may require an Insurance "Certificate of Currency". Two home qualifications must be obtained before these two qualifications are added to the attendance card.

3.7 INTER CLUB TRANSFERS

All Transfers within the state must follow this procedure:

- (1) When a rider transfers from one club to another, the transfer procedure is mandatory unless the member has been unfinancial for a minimum period of twelve months.

For the purpose of transfer of any riding member or coach from club to club, all clubs involved in a transfer shall be regarded as if they are fully financial with the Pony Club Association of South Australia.

All transfers will be accepted without suspension unless either the surrendering or accepting club shows good cause why the suspension should be imposed.

- (2) All transfers must be applied for on Official PCASA forms which are available from Club Secretaries as well as from the Secretary of the Pony Club Association. It is the responsibility of the rider (or parent) to obtain these forms and fill them in.
- (3) Once the forms have been completed by the rider, they are lodged with the receiving (new) club.
- (4) Once approved by the receiving (new) club, the forms are lodged with the surrendering (old) club. The date which the receiving club signs this form is the date from which the transfer is effective and the date from which the suspension will apply (if applicable).
- (5) Once approved by the surrendering (old) club, the forms are lodged with the zone. If the two clubs concerned are not members of the same zone, the forms must be lodged with the surrendering (old) zone.
- (6) Once approved by the zone, the forms are lodged with the PCASA Office.

3.7.2 INTERSTATE TRANSFERS

For interstate transfers, a letter from the President of the surrendering club will be mandatory if interstate qualifications are to be recognised. The letter must state the name of the rider, their financial status, the registered names of their horses and the four most recent rally attendances for each horse. Once this letter is received, two qualifications for each horse may be transferred to the riders new card.

PART G4 MOUNTS

4.1 REGULAR PONY CLUB MOUNTS

A regular Pony Club Mount is a horse or pony which has been ridden by one member actively engaged in at least four working rallies of their affiliated Club during the twelve months immediately preceding the competitions concerned. Riders when they are show-jumping or eventing training at Pony Club can only jump at or one grade above, the level the combination is graded at.

4.2 MEMBERS SHARING A HORSE

Where two riders are bona-fide sharing a horse, each may obtain a qualification on that horse at one rally (provided each receives at least one hour's instruction to qualify).

Each horse may only be ridden in a discipline by one rider on the day (for example, at a gymkhana, one rider may ride the horse in showjumping and another may ride in novelty events).

Where there is no Chief Instructor at the members club then the club committee may then invite a Chief Instructor from another club, the Zone Chief Instructor or a current Pony club Level 1 Instructor to assess the new combination.

Up grading of a combination can be done by Club Chief Instructor or Zone Chief Instructor with relevant points for that grade or as a result of being pointed out into higher grade. Card to be endorsed accordingly, with initials of who upgraded.

Where a member is unable to ride his/her mount through reasons other than veterinary or illness, application should be made to the PCASA Committee or Organising committee if at extreme short notice, for the decision on the substitution.

If the rider is unable to ride then the nominated reserve rider may be substituted on either the original mount or the reserve riders own qualified mount.

4.11 DOPING

It is forbidden, under penalty of elimination, to administer any stimulant, pain killer or sedative to a horse, or to cause one to be administered in any way whatsoever, with the object of influencing the horse's performance before or during a competition.
