BULLETIN #8

LIFE MEMBERS

If a club has granted Life Membership to a member, they are only a Life Member of the Club, and not PCASA.

Therefore, if they are riding then the \$99.70 fee component still needs to be paid to PCASA and the fee of \$16.50 to PCA. and the same for a social non riding life member - \$4.40

With regards to the JustGo Database, we have recommended that either the Life Member pays the full membership fee, and the club reimburses them, or the Club (if it has one) pays for them using the Club credit card

This is the same process for any clubs who subsidise their membership fees and may be charging less than is sent to PCASA/PCA

Thank you

Ann Olsen
